Up-to-date  
location data

**3 in 1 database – many  
ways to use**

The MyHelsinki Open API is an open interface of three databases maintained by Helsinki Marketing. It offers up-to-date information about places, events and activities in

# Helsinki Region Infoshare – [www.hri.fi](http://www.hri.fi)

The screenshot shows the Helsinki Region Infoshare website. At the top, there is a navigation menu with links for Frontpage, Data, Showcases, News, Analytics, Support, and What is HRI?. A search bar is located in the top right corner. The main header features the Helsinki Region Infoshare logo and the text 'Helsinki · Espoo' and 'Vantaa · Kauniainen'. The central message reads 'Open data service' with the tagline 'Making better use of public data in the Helsinki region'. Below this is a search bar with a 'DATASETS' dropdown menu and a 'SEARCH' button. Three statistics are displayed: 647 Datasets, 203 Applications, and 114 APIs.

Helsinki

Espoo

Vantaa

Kauniainen
