

An aerial photograph of a city, likely Helsinki, taken during the golden hour of sunset. The sky is a warm, hazy orange. In the foreground, there are dense residential buildings with colorful facades and red-tiled roofs, interspersed with lush green trees. A prominent church spire with a green patina and a cross on top stands out on the right side. In the background, a large body of water is visible, along with industrial structures and construction cranes. The overall scene is peaceful and scenic.
