Processing of personal data in Kokeilukiihdyttämö

Data controller

City of Helsinki / City Board

The data controller's duties have been delegated to the Chief Digital Officer at the City Executive Office (City Board decision 7 March 2022, section 182).

Why and on what basis do we process your personal data?

Proposals for experiments are collected from City employees and some of these proposals are implemented with partners.

The legal basis for processing data on employees and partners is Article 6(1)(e) of the EU General Data Protection Regulation: processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller.

What personal data concerning you do we process?

Kokeilukiihdyttämö has employee names and email addresses.

The website also lists the names of partners.

As a general rule, the final reports of experiments are published on the kokeilukiihdyttamo.hel.fi website. The final reports include the names of City employees and business partners.

From where do we collect your personal data?

The personal data are collected from the data subjects themselves when they log in to the service.

Personal data on partners is obtained from companies with which cooperation is carried out.

To whom do we disclose or transfer your personal data?

The data are disclosed to requesting parties in accordance with the Act on the Openness of Government Activities. The data and documents are public unless they are expressly provided by law to be kept secret.

The contact details of project participants may be shared within the City organisation for the purpose of developing operations. The names and contact details of the City employees and partners involved in experiments are disclosed to project parties for the purpose of drafting contracts and agreements.

Are your personal data transferred outside of the EU or EEA?

By default, the City of Helsinki ensures that your personal data are processed within the EU or the EEA. However, in some cases, the City's services or functions may also be carried out by service providers, services or servers located elsewhere. In such cases, your personal data may also be transferred outside the EU or the EEA, such as to the United States. The General Data Protection Regulation sets strict criteria for transferring personal data to countries whose legislation concerning the processing of personal data deviates from the requirements of European data protection legislation. In such cases, the City of Helsinki commits to adhering to the requirements set for an adequate level of personal data protection and, where applicable, commits its system suppliers and service providers to adhering to similar data protection obligations, as prescribed in data protection legislation.

How long do we retain your personal data?

Personal data on project participants are stored permanently, and personal data on project commentators are stored for five years.

Automated decision-making and profiling

Your personal data are not used for individual automated decisions or profiling purposes.

In certain situations, you may have the right to request that the processing of personal data concerning you is restricted until the data have been duly verified and corrected or completed. You have the right to object, on grounds relating to your particular situation, at any time to processing of personal data concerning you when the processing is based on legitimate interests, the performance of a task carried out in the public interest or in the exercise of official authority vested in the City.
