You receive the invoice quickly, often within a day of being issued, and you can pay it with just a few simple clicks.

e-invoice is effortless ➤

The bar code, account numbers and other invoicing information is added to the invoice automatically, meaning that you do not need to type them in manually.

e-invoice is secure ➤

The invoice is delivered directly to your online banking service.

e-invoice is convenient ➤

E-invoices are automatically archived for later perusal.

e-invoice is freedom ➤

You can receive e-invoices anywhere and anytime you want.

➤ How to start using e-invoices

Switching over to e-invoices is easy: all you need to do is make an e-invoicing agreement via your online banking service. Select the City of Helsinki – Financial Management Services as the sender of the invoice in your online banking service and enter the identity number of the recipient (ddmmyy-xxxX) as the invoice identifier. The Financial Management Services' customer register will confirm your e-invoicing agreement within a few days. After this, your invoices will always be delivered to your online banking service.
