

Bulletin 19.7.2021

Delays with the invoicing at the services for the disabled

Some of the clients at the services for the disabled will receive the invoice for May and June with a delay. The delay can be up to some weeks.

The delay does not affect the amount on the invoice or the services the client receives. The delay is caused by a technical error.

The invoice is paid normally by the due date.

We apologise for the inconvenience.
